Supreme Council Comes to Indy

Visionary Deputy Steps Aside

Elected Active for Indiana in 1992, and appointed Deputy in 1994, Bill C Anthis, 33° has decided to step aside as Deputy for Indiana and make way for new leadership.

Bill C Anthis

Brother Bill has served his fraternity proudly and faithfully for over 50 years in many capacities; however as Deputy he has moved the fraternity forward during his watch by helping to network and strengthen ties with the Indiana Grand Lodge to bring a united front in tackling the membership issue. A visionary, Bill dared

to consider new ways to deal with declining membership by focusing on streamlining the way we identify and initiate new members.

It started in 1996 with Project Academy -- a Scottish Rite initiative that paved the way for Grand Lodge to adopt a similar program now known as Grand Master's One-Day Classes and has the commitment of the next 4 Grand Masters.

Worshipful Master of Patoka Lodge, Bill also served four years as Worthy Patron of his Eastern Star Chapter because he believes that involvement with the local lodges is the foundation of Masonry. ***Godspeed in your future endeavors, you will be missed but your legacy will continue.***

"Best Overall in 20 Years"

The kudos started early and continue to this day: Overall, this was the best organized Council in two decades. The Sovereign Grand Commander reported that he had not personally heard one complaint over the entire week. In fact, the Supreme Council was so pleased, we were asked to host again soon.

George Galyean

George Galyean, 33° was asked 5 years ago to take on this assignment and immediately tapped Tom Shrock, 33° and Marvin "Mac" McGuire, 33° to cochair this extremely detailed event. These brothers were first to recognize not only the efforts of nine Committee Chairmen, but the exemplary efforts of the wives of many of these brothers. At a recent dinner George said, "We often

take for granted our ladies' efforts, and tonight I would like to recognize three ladies who made a pivotal difference in the outcome of this event: Dixie Shrock, Annette McGuire, and my wife, Darleene Galyean."

Many attendees were awed by the transformation of our capital since the 1991 Council. The connected walkways between the Convention Center and the five major hotels made Indy an outstanding venue. It took over 5 years of planning and the assistance of nearly 200 Indianapolis Valley Brothers to make this event an overwhelming success.

How to build a membership

The Masonic Way of Life

**Jeff Saunders, 33°
Executive Director**

What a resurgence of basic values we have witnessed in our country since the September 11th terrorist attacks. It's not just patriotism but also a renewal of core human values dealing with family and community. What an outpouring of funds from Americans to their less fortunate countrymen and women. In the last issue, I commented on the Strategic Plan for 32nd degree Masons and one of its key strategies. Perhaps there is no better time than to return to the core and examine what it is Masons stand for. The Mission Statement in that document reads as follows:

Jeff Saunders *"32° Masonry is a fraternity of Master Masons whose mission is to: strengthen the Masonic way of life through its worldwide brotherhood, promote family and community values, improve the individual character, leadership, and spirit through relevant programs, serve mankind through the impact of its extensive charitable outreach, and inspire men to support the principles of the organization."*

In this statement I am sure you can identify with some reason why you joined the fraternity and why you remain a member amidst all the competition for time and resources. Perhaps it is the notion of a worldwide brotherhood of Masons that includes men of all faiths – Jews, Christians, Moslems and other monotheists. Perhaps it is the values we teach, the community causes we serve or the charities we support. But basic to our mission is the call to strengthen the Masonic way of life and to inspire men to support the principles of the organization. Where better to draw on those principles than directly from our degrees, which instruct each new candidate, as well as inspire each member viewing them for the second time or one hundredth time.

The 14th degree elaborates on the symbolic lodge degrees and reminds you that "Whom Virtue Unites – Death Cannot Separate." The 15th degree illustrates through history that "Life Without Friends is

Worthless." Spiritual truths are examined as the 18th degree admonishes you to follow the commandment "That Ye Love One Another." And finally, what better lesson for today than portrayed in the 32nd degree that "My Hope is in God."

As you look at the world in a new light, consider the mission of 32nd degree Masonry. Invite an acquaintance to experience the Masonic way of life. But above all, return to your Scottish Rite Cathedral for the **Fall Convocation on November 16-17** to renew your commitment to our principles.

Indy Anna's Catering Expands Services

Two new faces on the staff of Indy Anna's Catering have recently brought added benefits to the food service at the Scottish Rite Cathedral.

Deborah Brooks is events services manager and Fred Wallace is chef des cuisines at Indy Anna's, which is now in its sixth year of operation as the resident caterer. These new people along with an improved menu featuring more fresh foods have helped boost the caliber of clientele holding events in the Cathedral. In addition to a steady booking of wedding receptions, several corporate events have taken place over the last several months.

Brother Peter J Fulgenzi, general manager and executive chef at Indy Anna's, has created more ways members can take advantage of the Cathedral's fine food and services. Indy Anna's is offering a 2-for-1 buffet for any new petitioner who attends the Scottish Rite October play or the November Fall Entertainment. Coupons are mailed as petitions are received.

Our Beautiful Ballroom can seat over 600 for an elegant formal dinner.

Indy Anna's features the Scottish Rite Cathedral in its advertising and touts its outstanding architectural characteristics. Indy Anna's takes pride in its relationship with the Scottish Rite and looks forward to serving its members.

Congratulations to the following Indianapolis Valley Brothers who have been nominated to receive the Honorary 33° in Boston next year:

James Lynn Chesney
Robt Emerson Hancock, III
John David Hollingsworth
Larry Dean Jefferson
John Duncan MacDougall
Clyde Profitt
Raymond Lester Schwartz
Joey Lee Scott
Charles Edward Stuart
Jack Eugene Vickrey
David Lawrence Weatherford

Fall Entertainment is Springing Up

It appears that you are reading your Double Eagle and have posted the refrigerator card insert card that is included in the September and January editions, and have used the tickets that have been enclosed because your attendance to Cathedral events is rising!

The Valley Golf Outing and the Learning Center Golf Benefit enjoyed larger participation than normal. Not to be outperformed, the attendance doubled at the Father/Daughter Dinner this year as over 500 enjoyed the Singing Hoosiers perform after a much improved dinner.

After just two nights of "Over the River and Through the Woods" it is apparent that our membership is taking more advantage of the quality entertainment available at the Scottish Rite.

There are many great opportunities to bring a neighbor, a business colleague, a son or daughter, or just an old acquaintance to an inexpensive night at the Rite. ***Keep it in mind.***

What's a 'Noachite'?

By William K. Bissey
Editor, *Indiana Freemason*

The names of the degrees of the Ancient Accepted Scottish Rite (Northern Masonic Jurisdiction) of which the Valley of Indianapolis is a part, seem to some Brethren as quite different and to other Brethren, the names appear to be quite exotic.

The name of the 21st degree, Patriarch Noachite, was one that

especially intrigued me. What is a Patriarch Noachite was what does he or it have to do with Freemasonry? It should be noted that Noachite has various spellings, among them: Noahide,

Noachchite, Noachidae, and Noachida. So, how does this fit into Freemasonry?

The earliest known reference is in a 1735 letter from the Grand Master of the Grand Lodge of England to the Grand Master of the Grand Lodge of Calcutta. It is the fourth paragraph of the letter that is pertinent to this discussion. "Providence has fixed your Lodge near those learn'd Indians that affect to be called Noachidae..."

The earliest wide usage of Noachite, or in this case Noachida, is found in the first charge of the second or 1738 edition of the *Constitutions* of the Grand Lodge of England written by the Rev. James Anderson.

"A Mason is obliged by his Tenure to observe the Moral Law, as a true *Noachida*..." The second paragraph has the following sentence, "...For they all agree in the 3 great *Articles* of Noah, enough to preserve the Cement of the Lodge."

What did the Rev. Anderson mean by his use of Noachida in the revised First Charge?

The Encyclopaedia Judaica provides an answer. Noachide laws are "...the seven laws considered by rabbinic tradition as the minimal moral duties enjoined by the Bible on all men. The seven Noachide laws as traditionally enumerated are: prohibitions of idolatry, blasphemy, bloodshed, sexual sins, theft, and eating from a living animal, as well as the injunction to establish a legal system." The Noachide laws "...are derived from the divine commands addressed to Adam and Noah, the progenitors of all mankind, and are thus regarded as universal."

This discussion of the Noachide laws largely fits within the moral teachings of Freema-

sonry. And it is probably why the Rev. Anderson saw fit to include the reference to them in the 1738 edition of the *Constitutions* of the Grand Lodge of England.

But, there are seven Noachide Laws and Anderson alludes to only three. Which three did he mean? The good Reverend did not elaborate, but several Masonic scholars have speculated what he meant. One theory is Anderson meant the Masonic triad of Brotherly Love, Relief, and Truth. Perhaps the most likely explanation is that Rev. Anderson was referring to Genesis Chapter 6, verse 9. "These are the generations of Noah: Noah was a just man and perfect in his generations, and Noah walked with God."

Whitley Fallis introduced the head table for the Father/Daughter Dinner held on October 5th. Over 500 people attended the annual event this year!

Learning Center News

The Learning Center's September golf outing sported 52 golfers. Donna Clutter ran the putting contest and Chris Brandt was the distance maid for the club throwing contest. Carol Hollingsworth and Sandy Hayes assisted in many of the other duties that helped make this year's event a rousing success. Dave Hollingsworth's foursome won the tournament with a 62 net score. We collected \$800.00 from the two special contests and Terry Musen reported \$5,300.00 will go to the Center from the actual golf participation. Dr. Bob Siebel, 33° and his son Steve Siebel -- a Master Mason of the Nov. 2000 class -- generously donated their beautiful Morningstar Golf Club by discounting food and greens fees which resulted in an substantial increase in funds raised for the Center.

Thanks to all who participated this year -- this is an event you won't want to miss in 2002!

Potentate's Message

Help Neighbors Find Their Better Self

Our great nation is just beginning to come to grips with the cowardly acts of terrorism perpetrated on our country in September by the dark forces of ideological fanaticism. I never believed we would see the day when such hatred and violence would scar our shores, but that day has come.

John Cinotto

As we respond to this atrocity, we are reminded of the unavoidable cost of our freedom, a price paid by generations before us, a price which we must pay in order to assure the future of our nation. We are reminded that the price of liberty is eternal vigilance, and the time for our action is now.

We as Masons have a honorable and glorious legacy to fulfill in the coming months of this newest challenge. It is no secret that most of the founders of this great nation were Freemasons. In truth, fourteen of our Presidents have been Masons as well. There is no dispute that the tenets and principles of our Craft have provided guidance, wisdom and comfort to our Nation and it's leaders from the outset of our great adventure with democracy.

No time more than now do the men of this nation need a firm moral and spiritual guide. We have an ethical obligation to offer our friends and neighbors the same light that has sustained generations of great Americans in times of hardship and uncertainty. We have a God-given mandate to help them find their better self for their own well being, and that of our country.

If any man questions the strong lesson of patriotism embodied in masonry, I would refer them to this small excerpt from the 32nd degree: " No man can worthily serve in the ranks of the Grand Army of the Ancient Accepted Scottish Rite unless his heart thrills to the sentiment of a lofty patriotism which will express itself in loyal obedience to his country's needs. It is not given for all men to bear arms in the nation's defense, but every man may cherish his country's flag with a devoted love, may support his country's laws with a willing obedience, and may so live day by day that the commonwealth may be prospered through his industry, established through his fidelity, and honored through his integrity. "

Masonry needs good men, and right now especially, good men need Masonry. Each of us needs to share the great gifts of our fraternity with men of our nation and fulfill the leadership role our Masonic brothers of the past have left in our keeping.

God Bless America.

THE INDIANAPOLIS SCOTTISH RITE CATHEDRAL FOUNDATION

Thanks to you, our *Campaign for the Cathedral* has been very successful. Over the past few years a number of projects have been completed. The exterior of the Cathedral has been resealed and cleaned, the tower windows have been repaired, new lighting has been added to the exterior of the building to enhance the appearance at night, the southwest freight elevator has been replaced, new lights, ropes, weights, pulleys and controls have been installed on the stage, and the entire Cathedral is now air conditioned. All this has been accomplished using funds from the Indianapolis Scottish Rite Cathedral Foundation's endowment.

The trustees of the Valley and the Directors of the Cathedral Foundation continually assess the needs and maintenance status of the Cathedral. On July 15, 2001, Phase II of our campaign was announced, outlining future projects that are vital to the future of the Cathedral. These include: upgrading the sound systems in the Banquet Hall and Auditorium, an overhaul of the pipe organ, restoring the Carillon, adding new controls for the existing elevators, adding a new freight elevator, and restoring the Ballroom to its original beauty.

With your generous donations, we have already purchased new speakers for the Banquet Hall; however, the other projects cannot be completed without your help.

Thank you for your continued support; your gracious donations will never be forgotten.

THE SOCIETY OF CATHEDRAL BUILDERS

Listed below are the members and friends of the valley of Indianapolis who contributed to the Indianapolis Scottish Rite Cathedral Foundation, Inc. during the year May 1, 2000 to June 30, 2001. The Foundation recognizes donors at the level of their gift. The Foundation was established in 1984 to preserve and maintain the exterior of the Cathedral, its grounds, and its interior. It welcomes tax deductible contributions for that purpose.

America Needs Us Now More Than Ever

Stephen D Chapman
Thrice Potent Master

Some 850 of our Brothers sat peacefully Sept. 7, enjoying the traditional cornbread and bean dinner. We participated in praises for our new Meritorious Service Award winners, and applauded enthusiastically for the 33^o nominees. Dr. Charles Petty provided a humorous address that enriched our commitment to our families, and helped us to escape the moment with laughter. Little could we know: A scant four days later, our world would forever change.

Others will write and speak eloquently about the events of Sept. 11, 2001. Permit me to give a fraternal perspective that can't be allowed to pass without deep consideration.

People—sometimes even our families—ask, “just what does Masonry ‘do’?” We cough, clear our throats, and sometimes struggle to give a meaningful, focused answer. It's probably easier to say what Masons ‘don't’ do. We ‘don't’ deride another man's religion. We ‘don't’ assess our members for political causes. We ‘don't’ allow sectarian discussion in our Lodges.

But what is it we really ‘do’?

We provide solemn and dramatic lessons of morality, honor, truth, and devotion to Almighty God. We urge men to follow the faith of their conscience and to seek salvation in the doctrines of their own creed, while we offer lessons of theology and philosophy that are well-conceived to make men better fathers, husbands, employers, employees, members of their churches, citizens in their communities, and leaders in their nation.

In the smouldering rubble of the World Trade Center and the gaping hole in the Pentagon, we have a bit more sobering view of what the world needs. Our firefighters, police officers and emergency medical workers rush in . . . to help others find their way out; and, we know even better what duty and dedication mean. In a Pennsylvania meadow where heroes onboard a hijacked jet averted yet more destruction, we have a truly solemn view of the courage and devotion so seldom seen in the society of the “here and now,” the “hurry up,” the “what's in it for me,” the “I'll do it when I have the time.”

Our nation's flag has risen again to the top of its standard, and there in the dawn's early light waves those bold stripes and bright stars. We knew it would be there; yet our hearts soar with the red, white and blue billowing free in the breeze.

What our nation needs today more than ever is spiritual and moral leadership across the land. It's a “call to arms” for every Lodge, for every Mason, and for every Valley. This is the hour. It is time to ‘engage’ by renewing our commitments to Almighty God and to our own Masonic heritage. It's time to ‘engage’ by sharing this incredible gift with others who don't yet know about Brotherly Love, Relief and Truth!!

This is the hour. Renew your commitment to your Masonic heritage and fill your Lodge with petitions. Bring our new and current brothers to the altar of Scottish Rite Masonry. Stand beside your candidate when he first sees the 20th Degree and feel your own patriotic pride swell.

At the height of World War II, men from all ranks of life rushed to Freemasonry because men like you and me spoke with passion and deep belief about the amazing lessons Masonry teaches. Their zeal is why thousands of us are here today! Even if many of us are too old to serve in uniform, we can help in other ways: By replacing ourselves

in Masonry's ranks, and leading other men—young and old—to the altars of Masonry, where these men can learn the lessons that make America strong.

The long, arduous battles that lie ahead will risk the lives of our fellow citizens. And at home, we need to build the foundation of moral, patriotic support that comes from the heart and soul of our Ancient Craft. Our nation will need resolve, courage and commitment from a new corps: Freemasons for the 21st Century.

Elrod is New Deputy

Robert G Elrod, 33° has been appointed Deputy for Indiana and begins his 3-year term with the youngest group of Actives in the Northern Masonic Jurisdiction.

Illustrious Brother was also elected to active status at the September Supreme Council meetings and worked closely with outgoing Deputy Bill Anthis in establishing one-day initiation classes while Grand Master of the State of Indiana. Brother Kemp will be working closely with Brother Elrod in fraternity membership issues.

The "Singing Hoosiers" have thrilled audiences around the world and performed to a large Father/Daughter Banquet last month in our renovated auditorium.

Campaign for the Cathedral

As I write this article, it has been two weeks since the tragic episodes in New York, Washington D.C., and Pennsylvania staggered our very existence.

Since that date, I have experienced many emotions as I am sure you have. I was shocked that such events could happen on our soil. I was mad because someone took the lives of many

innocent people. A feeling of patriotism has filled my entire being.

I would like to take this opportunity to ask each of you to recall the lessons of patriotism that were portrayed as we became members of the Scottish Rite.

Patriotism is one of many great lights of Freemasonry. It exalts country above party, and obedience to law above selfishness. Patriotism seeks peace with honor. It teaches all of these with undying hostility to tyranny and treason. We are taught that

every man may cherish his country's flag with devoted love.

I hope and pray for peace in the world and our nation. I am truly excited about the display of patriotism around our Valley. Is this a passing fad? Will this feeling of patriotism fade in time? I hope and pray not.

It has been said that the United States of America needed a kick in the pants. Well Brethren, we got a good one. Our society needs Freemasonry and the values it teaches now more than ever. I would challenge each of you to visit your Lodge and witness the degrees it portrays. Listen carefully to the words spoken and the lessons taught. I would also encourage you to visit the Scottish Rite during the next convocation and renew that experience.

When you next look at the American Flag recall these words; "These colors don't run."

Your Indianapolis Scottish Rite Cathedral Foundation is working hard to raise the necessary funds to restore this beautiful Cathedral. We have already begun working on those projects that were outlined in previous articles. By your generous contributions, we will be able to preserve this structure and the fraternity for our sons, grandsons and all future generations.

Through the Cathedral Window

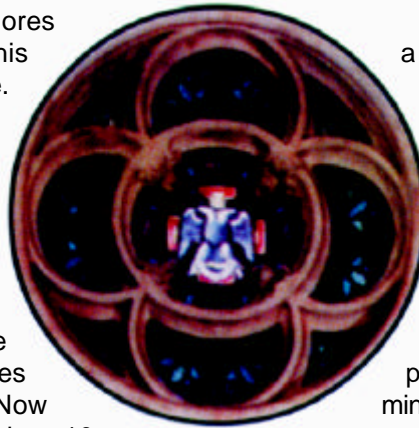

Talking Heads

I have been pondering the state of the world these past several weeks, as most of America has, listening to the "talking heads" help us put into perspective the course of events not seen or previously imagined by Americans. I've been trying to make sense out of the ramblings of a crazy man who ignores the reality of his actions to promote his beliefs at the expense of innocent people. This whole idea of "jihad" or holy war I find hard to comprehend. Just what is it they are wanting to go to war about and what makes it "holy"?

The talking heads have rambled ad nauseam about a lot of things and microscopically analyzed the tinsel strength of steel and the possibilities of plowing into nuclear power plants. Now that's a scary thought. I remember just about 10 days ago the press started talking about anthrax and *wha-la* it materialized. It seems that we are very good at putting negative thoughts into the minds of crazy people who don't seem to have many coherent original thoughts of their own.

I am an avid Tom Clancy reader and one of his stories is about a 747 plowing into a joint session of Congress and only a couple of leaders survive. Another one of his books talks about the deadly Ebola virus and how they cultivate this in monkeys and spray it around airports so that travellers spread this around the country for three days before any of the symptoms begin to show. I sometimes wonder about how ideas spread negatively.

In American society we have many gods--that's god with a little 'g'--you know, money, power, the size of our house, the title of our job. Osama's god must be these things, but certainly not the size of his cave, but maybe his ego.

I wonder why such a man would conjure up a holy war thinking that God (with a big 'G') would be on his side -- this man who kills innocents and trains assassins to be modern day kamikazes. I can't believe that God would be really very impressed with any war. People go to war because they want somebody to stop doing something it shouldn't or because it wants something it shouldn't have. God has everything and knows everything and gives only good. Small people try to play 'God' and live with closed minds and stony hearts to the reality of life.

Sometimes I grapple with why there is so much evil in the world and why God would permit it to exist. Is the glass half empty or half full? We tend to dramatically discount all the good in the world and focus on the negative. That's the talking heads at work again.

Job grappled with issues and his greatest test was not knowing why he suffered (Job 33:13), why he was a target of Satan (Job 1:6-7), and yet he remained faithful without all the answers. (Job 1:1).

I invite you to join us at Convocation in November and witness the 24th Degree portrayed for the first time by the Indpls. Valley. It's a timely lesson. I hope to see you there.
